

SMART NEVER LOOKED SO STYLISH

IMPRESSIVE INNOVATION

Haiku® is the fan that's sleek, smart, and knows how to connect. Elegant design, smooth performance, and more than 75 international awards attest to its role as a trendsetter for comfort and convenience.

CUTTING-EDGE EFFICIENCY

With built-in SenseMe™ technology, Haiku automatically adjusts speed to maintain your preferred comfort settings, while its motion sensor provides cooling comfort when you need it and saves energy when you don't. Thanks to Haiku's innovative airfoil and motor design, it's rated ENERGY STAR® Most Efficient.

MORE CONTROL, GREATER CONVENIENCE

No other fan integrates with your smart home devices like Haiku. Control your fan's seven speeds and 16 light settings directly from your smartphone app, enjoy voice control with Amazon Alexa and Google Assistant, and even pair Haiku with ecobee thermostats. No longer are you tethered to a pull chain—with Haiku, the control stays with you.
